PROFESSIONAL SUMMARY

Salesforce Architect with **8.9+ years** designing and delivering enterprise-scale CRM solutions across Telecom, Utilities, and SaaS industries. Dual-certified Architect (Application + Integration) with deep expertise in **Vlocity/Industries, CPQ, ESM, LWC**, and CI/CD automation. Proven track record leading cross-functional teams of 6+ engineers on global engagements including AT&T, Intuit, and NZ Government.

KEY ACHIEVEMENTS

- Led a **6+ member engineering team** on AT&T's Vlocity/Industries implementation spanning 4+ years — one of the largest telecom transformation programs on Salesforce Industries.
- Designed **30+ OmniScript flows and 20+ Integration Procedures** for complex telecom order management and billing orchestration at AT&T and Lumen.
- Reduced deployment errors by **~60%** at Intuit by architecting a fully automated CI/CD pipeline using Python + SFDX Unlock Packages, replacing a manual release process.
- Delivered end-to-end **CPQ + ESM + EPC** configuration for multiple enterprise clients, cutting order provisioning time significantly through automated billing flows.
- Earned **20+ Salesforce certifications** including the rare dual-Architect credential (Application Architect + Integration Architect), placing in the top tier of the Salesforce ecosystem.

TECHNICAL SKILLS

CRM Clouds:	Sales Cloud, Service Cloud, FSL, Experience Cloud, Comm. Cloud	Integration:	REST/SOAP APIs, MuleSoft, Vlocity Integration Procedures, Flat-form
Industries / CPQ:	Vlocity OmniStudio, EPC, ESM, DataRaptors, CPQ, Order Mgmt	DevOps / CI-CD:	Copado, SFDX Unlock Packages, CI/CD Pipelines, Python scripting
Development:	Apex, LWC, Visualforce, Batch/Queueable/Scheduled Apex, SOQL	Languages:	Apex, JavaScript, Core Java, Python

PROFESSIONAL EXPERIENCE

Salesforce India Pvt. Ltd. — Bengaluru, India

June 2021 – Present

Senior Salesforce Developer / Team Lead

AT&T (Telecom) | 4+ years · Lead Developer

- Led a team of **6+ engineers** delivering Vlocity/Industries-based billing logic and order management across AT&T's enterprise Salesforce org.
- Configured **Enterprise Product Catalog (EPC)** and built end-to-end billing flows integrated with Enterprise Service Management (ESM).
- Architected MuleSoft-based data exchange with third-party systems; delivered Service Cloud with full Communications Cloud stack.
- Resolved complex telecom order challenges; drove cross-functional compliance across global teams.

Key Tech: Vlocity OmniStudio, EPC, ESM, MuleSoft, Service Cloud, Order Management, LWC

Lumen Technologies (Telecom) | Integration Lead

- Designed and enhanced ESM features; built **REST API integrations** from Salesforce → MuleSoft → Lumen backend systems.
- Built 15+ Vlocity OmniScripts and DataRaptors with robust error-handling and retry mechanisms, reducing integration failures by ~40%.
- Developed LWC components integrated with OmniScript for agent-facing interfaces; contributed to CPQ implementation.

Key Tech: Vlocity, LWC, ESM, CPQ, REST APIs, MuleSoft

SiriusXM (Subscription SaaS) | Full-Stack Salesforce Developer

- Built Vlocity OmniScript and Integration Procedures for car music subscription order flows end-to-end.
- Designed advanced error-handling and workflow automation, streamlining subscription lifecycle management on Communications Cloud.

Key Tech: Communications Cloud, OmniStudio, Integration Procedures, DataRaptors, Sales Cloud

3Water — NZ Government (Utilities) | Technical Lead

- Delivered OmniScript and LWC solutions for water distribution management across New Zealand government infrastructure.
- Contributed to CPQ, EPC, and ESM implementations; optimized complex water distribution workflow automation.

Key Tech: OmniStudio, LWC, CPQ, EPC, ESM

Consultant

Intuit (FinTech SaaS) | Salesforce Developer + DevOps

- Built **20+ Lightning Web Components** for B2B and B2C Salesforce platforms serving millions of Intuit customers.
- Architected and implemented CI/CD pipelines using Python + SFDX, cutting deployment time by ~60% and eliminating manual release steps.
- Ensured seamless cross-org integration and deployment via robust pipeline architecture and automated validation.

Key Tech: Salesforce CRM, LWC, Apex, Communities, Python, SFDX Unlock Packages

Cignex Datamatics — Bengaluru, India

May 2019 – March 2020

Salesforce Developer

Schneider Electric (Industrial Manufacturing)

- Enhanced Salesforce CRM for service log tracking and complaint management, improving field service team efficiency.
- Streamlined complaint processing pipeline; improved data handling, reporting, and customer resolution time.

Key Tech: Salesforce CRM, Lightning, Apex, LWC

WarpDrive Tech Works — Bengaluru, India

June 2017 – May 2019

Technical Specialist

NestAway & Cowrks (Real Estate / Co-working)

- Delivered Salesforce CRM solutions for rental and co-working operations using Service Cloud and Sales Cloud.
- Built custom Apex, Lightning, and Visualforce components; designed Salesforce Communities for tenant collaboration.
- Optimized data management, reporting dashboards, and operational workflows for property management teams.

Key Tech: Salesforce CRM, Visualforce, Lightning, Apex, LWC
